

## Geology Summer Student

 Calgary

 Posting Date: February 3, 2025

 Closing Date: February 24, 2025

### **WORKING AT PRAIRIESKY**

PrairieSky is dedicated to creating a workplace that attracts and retains exceptional talent. We seek individuals who are hardworking, driven, and eager to consistently execute and contribute to our collective success and generate long-term value. Our focus is on fostering a positive, high-performance culture that emphasizes collaboration, innovation, process improvement, and continuous learning. We offer opportunities for both personal and professional growth, ensuring that our dynamic, fast-paced environment remains engaging and energizing.

PrairieSky and our employees are dedicated to giving back to the communities where we work and live. We support causes that make a significant and positive impact through strategic partnerships, employee volunteerism, donation matching programs, and workplace campaigns.

### **POSITION**

The PrairieSky Geosciences Team has an exciting opportunity for a Geology Summer Student. This role will assist our geology team in day-to-day technical evaluations of oil and gas assets and undertake an area-based mapping and evaluation project. This is a summer term position from May to August 2025.

### **RESPONSIBILITIES**

- › Interpret well log data, pick tops.
- › Evaluate completions and review well history and production.
- › Determine production intervals and provide technical interpretation to land administration staff.
- › Undertake geological reviews of lands available for lease and identify potential trends and prospects.

## QUALIFICATIONS

- › Minimum completion of second year in a geology program.
- › Familiarity with log interpretation, formation correlation and mapping, reservoir characterization.
- › Excellent Microsoft Office capabilities.
- › Previous experience with Accumap or geoSCOUT would be an asset.

*PrairieSky is an equal-opportunity employer, celebrating diversity and the unique perspective it brings. We are committed to building a team enriched by a wide range of ideas, experiences, and background.*
