

WELL DATA REQUIREMENT SHEET (WDRS)

Well Information			
Well Name (the "Well")		Well License # Well Permit #	
Surface Location		Date Sent: (yyyy-mm-dd)	
Bottom Hole Location			
Multi Lat / Drainage Legs (Include all bottom hole locations)			
Well Licensee			

Well Data Submission Instructions
All well data MUST be submitted electronically through PrairieSky's StackDX platform. See PrairieSky website for instructions for both Existing StackDX clients and Non-StackDX clients.

Please provide copies of all regulatory submissions and all waivers, in addition to the following information for the Well:

1. Prior to Spudding (Pre-Drill)

- Application / License to Drill / Survey Plat & applicable Amendment(s)
- Final Directional Survey Plan
- Geological Prognosis

2. During Drilling

- Daily Drilling Reports including daily and cumulative costs / Daily Geological Reports

3. After Drilling - within 15 days of Rig Release (Post-Drill)

- As Drilled Survey Plat / Directional Surveys
- Final Logs - Log ASCII Standard (LAS) and/or Log Information Standard (LIS)
- Final Copies of Drill Stem Test Reports / Fluid Analyses
- Final Drilling Report including detailed cumulative cost summary
- Final Geological Report / Lithology & Strip Log / Core and Sample Description / Core Photos

4. Initial Completion / Production (During or Within 5 Business Days of Operation)

- Completion & Stimulation Program(s) including an estimate of expected costs for completion, equipping and tie-in
- Daily Completion Reports ***including daily and cumulative costs***
- Fracture Stimulation Reports / Wellbore Diagram
- All Production Test Data / Flow Test Data / Reports
- All Pressure Test Data / Analytical Reports / Third Party Studies etc. for all leased substances. Examples include any technical studies, fluid/chemical analysis, specialty reports

5. Recompletions/Workovers (During or Within 5 Business Days of Operation)

- Recompletion & Workover Program(s) including an estimate of expected costs
- Daily Completion Reports ***including daily and cumulative costs***
- All Production Test Data / Flow Test Data / Reports
